

PRODUCT DESCRIPTION

Introducing the Round Avior Lighted Mirror – designed with precision in Italy, this mirror features a seamlessly round-shaped matte black aluminum frame that exudes contemporary sophistication. Our exclusive GHOST FRAME lighting technology bathes you in a soft, flattering glow of indirect light, ensuring a flawless reflection that enhances your natural beauty. When switched off, the light source disappears into the matte black frame of the mirror and is completely concealed. Thanks to its defogger, the Round Avior Lighted Mirror ensures you enjoy a fog-free view even in the steamiest of environments. Operate the mirror easily using the touch button discreetly located at the bottom of the frame. Turn it on or off and select your desired color temperature (CCT selectable). Elevate your self-care rituals, revel in the beauty of your reflection, and redefine your grooming routine with the Round Avior Lighted Mirror – where Italian design and innovation come together in perfect harmony.
