PRODUCT DESCRIPTION

Introducing the Skylight Lighted Mirror – an extraordinary fusion of Italian design and cutting-edge technology that re-defines the way you see yourself and your space. The Skylight’s exclusive GHOST Lighting technology conceals the light source when switched off, maximizing the reflective space on the mirror. Experience unparalleled versatility with Modular Lighting System (MLS) technology. Activate different direct light sources within the mirror to tailor your illumination. From focused precision to ambient radiance, Skylight adapts to you. The Skylight features an integrated matte black shelf, seamlessly merging style with practicality, all while maintaining a clutter-free, classic frameless mirror design. Skylight’s defogger ensures your reflection remains pristine, even in the steamiest bathroom environments. With Skylight’s CCT selectability, you can toggle between different light temperatures to create the perfect ambiance. Dimmability allows you to set the mood, and the touch sensor at the bottom of the mirror provides an intuitive and effortless way to operate this marvel. Redefine your space with the Skylight – where beauty, technology, and elegance converge seamlessly.
