

PRODUCT DESCRIPTION

An artistic and flexible design concept, crystal orbs are illuminated behind curved Naturally Aged Brass shades. The oversized panes are mounted to LED light housings that can rotate to provide either ambient indirect lighting that is directed upwards at the crystal for a glowing effect, or these LEDs can be rotated to shine downward for ample lighting. The two-arm wall sconce has a longer extension in the arm with individual light switches on the backplate to be used for directed task lighting great for bedside applications or creating a space within a room that will serve as task lighting.
